Life Coach Informed Consent Form

The purpose of Life Coaching is to help clients gain clarity, identify and achieve personal goals.

We do not diagnose or dwell on the past, as we are not psychologist or counselors, although there are similarities between the professions. We look to the future and work with the resources within yourself to realize your dreams and potentials. We may address specific personal goals, job, balance life at home, family, and profession. We may suggest options and add perspectives on an issue.

Confidentiality:

It is our duty to protect the confidentiality of our clients. We will only release your information with your written permission with the following exceptions:
If you are in danger of hurting yourself or others or if we are ordered by the court to disclose information.

If you are unable to keep an appointment, please cancel 12 hours in advance in order to allow someone else that time.
